2. Preparing Your Materials

2.1. Please send a Company Profile & Logo for the conference program

The final conference program is an important and valuable way to make certain that guests of the conference take your company information home with them. Please send a company description of 50 or fewer words for inclusion in the conference program.

Additionally, please send a high resolution horizontal logo in vector graphics format so it can be resized appropriately for the website, wiki, and program.

Also please feel free to update your company logo, description, and other details on our Conference Schedule site. <http://appsecusa2012.sched.org/>

You should have received a log in invitation directly from *sched*, but if you have questions please contact us appsecusa@owasp.org

2.2. Please send Sponsorship ad

All program materials including company descriptions, logos, and ads MUST be received by Friday October 11th in order to appear in the printed program. Please submit materials to appsecusa@owasp.org

The conference program will have a finished size of 8" x 8", *ad sizes are as follows:*

Active area:

1/4-page: 4"x 4" (Silver and Gold)

1/2-page: 4"x 8" (Platinum)

full page: 8"x 8" (Diamond)

1/4-page (w/bleed): 4.5"x 4.5"

1/2-page (w/bleed): 4.5" x 8.5"

full page (w/bleed): 8.5" x 8.5"

For ads that are to bleed, the artwork must extend at least 1/4" on each side. The book will be a finish size of 8" x 8" so a full page ad with bleeds, for example, would need to be sized to 8.5" x 8.5". The "live" area would of course be 8" x 8" so it's important for the designer to ensure that no text or graphics extend past those dimensions into the bleed margin.

Artwork guidelines available on the Omnipress website: <http://www.omnipress.com/home/big-ideas/client-tools/templates-art/>
